ABOUT I-ESA'26

The **13th i-ESA 2026 Conference**, hosted on the stunning island of Madeira, brings together an international community of experts from academia, industry, government, and digital innovation ecosystems to explore the next frontier of enterprise interoperability — from organizational and technical layers to semantic and human aspects.

i-ESA'26 will serve as a dynamic meeting point for researchers, practitioners, and policy stakeholders who aim to advance interoperability as a cornerstone of **AI-powered transformation, sovereign data governance, and sustainable, green innovation**.

By becoming a **sponsor of I-ESA'26**, your organization will gain high-impact visibility, direct access to decision-makers and thought leaders, and a seat at the table where future collaborative ecosystems are shaped.

Over **200 participants** are expected, bringing together recognized individualities from the European Commission, Government, Academia and Industry across different sectors.

Why Sponsor i-ESA'26

Sponsoring **i-ESA'26 Conference** offers a broad range of exposure opportunities as a package. Sponsorship benefits may include, but not only: complimentary congress passes and opportunities to interact with participants; logo placement for effective publicity on various occasions at i-ESA26; and the opportunity to choose a keynote speaker, as well as exhibition booths and priority in booth selection.

i-ESA'26 is a place where you can:

- Discuss the vision and progress of **Europe's enterprise interoperability** by participating in several sessions across the duration of the event.
- Network with lead industry, researchers, visionaries, entrepreneurs, stakeholders and representatives of Governmental bodies and European Commission.
- Expand your business vision by meeting and interacting with new business partners among top corporations and industry leaders in the sector.
- Discover research projects funded by the European Commission and meet your partners to prepare future proposals.
- Scout the most promising top researchers from the large scientific community present in the event.
